Presents

A REPTILE SHOW

Join us for our In-House Reptile Show! We will have a ton of fun while the children “ooh & ahhh” and learn all at once. They will get an overview of reptiles, amphibians & bugs and shown how they differ from us. They will be encouraged to participate by counting the animals’ legs and by “hiding in their shell” like a turtle. They will also be introduced to words like “camouflage” and “nocturnal”. They will learn about a typical “day-in-the-life” of our animals such as what they eat & their normal habitat. A family experience you won’t want to miss!
